Add 10 - 15 drops Yule Blend Concentrate to water & heat in diffuser for hours of enjoyment
Add a few drops to candles or potpourri; add 40 drops concentrate to water to refill spritzer

GIFT BASKETS AVAILABLE FOR PERSONAL & CORPORATE GIFT-GIVING
BULK WHOLESALE PRICES AVAILABLE FOR PRACTITIONERS

The company name Heaven On Earth Enterprises was registered in 1997. While I was completing my certification in aromatherapy, I became interested in calendula oil (pot marigold) and it's valuable skin-healing properties. Research revealed it was expensive and difficult to find, so I started producing my own.... naturally!

Calendula petals were purchased and cold-infused in sunflower oil, in the sunny window of my Okanagan home. This procedure has been enhanced over the past few years by the addition of calendula petals I now lovingly grow, pick, and dry myself.

The words "Mari's Gold" came to me in a dream, and I promptly adopted this name for my calendula-based products. These are my own personal and unique creations. They have been developed in response to the needs of family, friends, and customers, and are produced in a non-mechanical and natural environment... with love, and by my own hands today.

Enjoy!
Mari Summers
